

### OBJECTIVE:

A spark for the fire! - To help couples stay close to God and each other. Use the weekly passages below to conduct a short (but substantial) Bible study. Even if you're not a fan of topical studies you can still get a lot out of doing this, together. That's the goal: Read, pray, grow...together!

### SUGGESTIONS:

1. *Stay consistent* - Set a day/time each week to pray, read, and study together.
2. *Take turns* - Take turns reading the passages and/or leading the studies.
3. *Engage* - Dig deep, read the context, do cross-references, ask questions, talk about things that you've never talked about, ask tough questions. The [inductive study method](#) is a good approach.
4. *Make it your own* - If you want to get off the timeline and skip to a different topic/passage, go ahead! Again, the idea is to do this together, prayerfully.
5. *Share* - Tell others about what you're learning. Share the link to this sheet (see below).

**Note:** If some months have 5 weeks, continue with the current weeks passage(s) or repeat a weekly passage of your choice - There is always more to discover in God's Word!

\* = May require more than one study session
