From **GOAL** to **ACTION**

Section A:

This section is used to help you start taking steps toward your goal(s). Re-write your *Key Goal(s)* from page 1 at the top of the table below (this will carry down and be used for section B). Answer the questions at the left of the table. You can write down your answers and/or simply reflect on it every time you review this page. We suggest you review this every morning or, at a minimum, once a week.

Section B:

Have you set a realistic end date for your goal(s)? Start with that. Next, establish milestones for your goal(s) along with a target date. This will break down your goal into manageable steps and help keep you on track.
